

24 June 2020

Ref: NCX18

Dear Resident

## Gantry installation Pennant Hills Road, Normanhurst

We started work in October last year to install a gantry on Pennant Hills Road to monitor trucks and buses at Normanhurst.

The work is progressing well and crews will return to site to complete the remaining rectification activities at the corner of Campbell Ave and Pennant Hills Road.

### Work hours

Day – 7am to 6pm Monday to Friday,  
8am to 1pm Saturdays  
Night – 8pm to 5am Sunday to Friday

### More information

Call 1800 997 057 (24 hours), email  
[ncxcommunitymanager@transurban.com](mailto:ncxcommunitymanager@transurban.com)

Work will start on **Monday 29 June**, and will continue for about **four weeks**, weather permitting.

## What will our work involve?

Work to complete the installation of the gantry involves:

1. Setting up the site for the works
2. Finishing the Ausgrid reticulation works
3. Installing new concrete barriers adjacent to the gantry
4. Removing the existing footpath and installing a new footpath
5. Reinstating the work site.

We have included a map of the work area over the page.

## Traffic management

Traffic management, lane closures and signage will be in place to ensure the safety of motorists, residents and workers. Please allow extra travel time and visit [livetraffic.com](http://livetraffic.com), download Live Traffic App or call the Transport Management Centre 132 701 for the latest information.

## How will the work affect you?

You will experience some noise and we will make every effort to minimise impacts by:

- > consulting with directly affected residents
- > using non-tonal reversing beepers on all machinery
- > turning off equipment and vehicles when not in use
- > using noise blankets where possible
- > working no more than two nights in a row and no more than three nights in any week
- > directing noise generating equipment away from residential properties where possible.

**BUILDING OUR FUTURE**

**Transurban**

## Plant and equipment

The project team will use heavy and light vehicles, generators, excavators, concrete trucks, street sweepers, water carts, vacuum trucks, and removal plant, power and hand tools.

Thank you for your patience during this important work.

Yours sincerely

**NorthConnex Project Team**
